

Exclusive offer with

**connect**  
childcare 

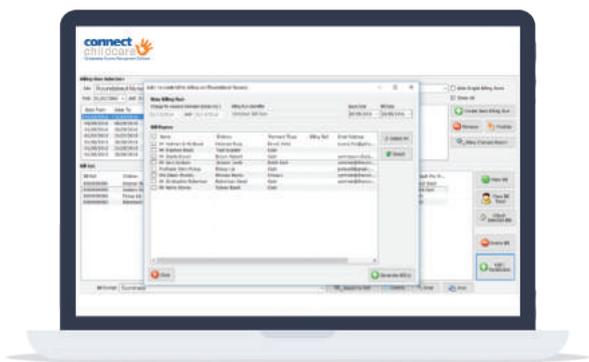

# Are you spending too long on administrative tasks?

You can rapidly reduce your admin time and focus on **developing the children in your care**, with Connect Childcare.

## How can Connect Childcare help my Out of School Club?

Connect can make your life easier by relieving the pressure of administration, saving hours of time.

Registers can be produced with ease and invoices can be generated from your confirmed bookings. Offering flexible sessions doesn't need to be complicated and Connect Childcare allows you to manage enquiries, bookings, registers and bills all from one central database.

### Key Features

- ✓ Flexible Bookings
- ✓ Enquiry Monitoring
- ✓ Occupancy Planning
- ✓ Multiple Billing Options
- ✓ Bank Reconciliation Reporting

With Connect Childcare all of your data is stored in one place and it's all connected. So if you book an extra session for a child, your registers and invoices will automatically be updated. Everything is linked so you can eliminate the time you spend duplicating the same data.

## Improve communication with parents

From an initial inquiry to a child's first day, Connect Childcare's communication module makes it easy to keep parents up to date.

# Trusted by thousands of successful childcare providers

Connect Childcare are the market leaders in the UK and have been developing software systems for the childcare industry for over 13 years.
